

DC-K048A

Strong Double Sided Tape For Temporary Hold

DC-K048A is the right choice when you need a tape that is extremely aggressive and strong but you only need to mount or bond something temporarily. It sticks very well to smooth surfaces such as steel and paper but can also adhere to more porous or textured surfaces such as wood or fabric. Designed to work at room temperature, it can also perform for medium heat applications.

Application

- Use to temporarily hold down steel or metal components in manufacturing or printing applications
- Use to temporarily hold down wooden components in woodworking applications
- Use to mount posters or photographs on walls
- Use to temporarily hold small carpets in place

Features & Benefits

- Hand tearable making it very easy to apply and use
- Excellent holding power from the onset helps speed up application
- Easy to remove paper liner
- Removes cleanly from most hard and smooth surfaces

Storage & Usage Conditions

Store tape in its original packaging away from direct sunlight and in a cool and dry area. For optimum performance, tape should be used within 12 months of

date of shipment. Tape works best when applied to a surface that is clean, dry and free of grease, oil or other contaminants.
